Subject: Santa Susanna Community Plan #02-305

To whom It May Concern,

I am unable to attend this meeting, however, I support the Amendment #02-305 regarding easements for equestrian access in your Regional Plan Commission. Horses and equestrians have historically had access to those trails and easements over many years.

According to the American Horse Council, equestrians contribute over 9 Billion dollars annually to California's economy. We should not be shut out of trails. Trails are the base for horse keeping, and lack of access will effect property values. In Burbank, tract

housing sells routinely for over 1 Million dollars due to the fact that horse keeping is encouraged. This has contributed greatly to Burbank's economy. Burbank is next to Griffith Park and trail access is critical. They understand the contributions of equestrians to their housing prices and ancillary business values.

Please vote for Amendment #02-305.

Sincerely,

Lynn Brown
